

Bachelor of Education

Concurrent program

This program is for those interested in pursuing a career in teaching after completing an undergraduate degree at Ontario Tech. On degree completion, the newly graduated student will move directly into the 16-month Bachelor of Education program, provided all prerequisite courses have been completed and the required GPA is maintained.

Bachelor of Education program

The program is designed to foster the development of thoughtful, well-informed and socially responsible teachers. We are leaders in digital technologies, including the use of artificial intelligence, for learning.

Our leading-edge, 16-month program allows you to apply for certification and enter the workforce a full term ahead of those in most other programs.

"Having a guaranteed spot in the BEd program took so much pressure off. I was able to focus on my degree without stressing about my next steps, and the Educational Studies electives I completed during my undergrad helped me feel more confident and prepared to step into the BEd."

You can apply to the Concurrent Education program from any of the following faculties:

Primary/Junior (Kindergarten to Grade 6)

- Business and IT
- Education (Educational Studies)
- Engineering and Applied Science
- Health Sciences
- Science
- Social Science and Humanities

Intermediate/Senior (Grades 7 to 12)

- Education (Educational Studies)
- Engineering and Applied Science
- Health Sciences (excluding the Nursing program)
- Science

How to apply

If you're interested in pursuing the Concurrent Education option, you must apply directly to the four-year undergraduate program of your choice on the Ontario Universities' Application Centre (OUAC) website and select the Concurrent option of your choice.
